

Notes:

- Each door should be hung independently in a similar manner to Dutch Doors. The H Astragal will connect the doors as they swing
- Inside dimension of H Astragal is 1 13/16" for added installation flexibility
Shipped loose for field installation
- Astragal length is 3/4" less than width of doors. Mount first flush with lock edge to avoid binding in rabbet. Can be made shorter if meeting astragal running the full length of the door is required
